The Cincinnati Casualty Company ■ The Cincinnati Specialty Underwriters Insurance Company
The Cincinnati Life Insurance Company

August 10, 2015

To Our Agents:

Your sample copy is enclosed of the latest Best's Rating Report brochure for The Cincinnati Insurance Companies' standard market property casualty group and The Cincinnati Life Insurance Company. As you guide your Cincinnati clients to be quality-conscious insurance consumers, you can use these brochures to reinforce the benefit of having a policy backed by a company with superior financial strength.

A.M. Best Co. cites our property casualty group's superior risk-adjusted capitalization, historically conservative loss reserving standards, strong operating performance, improved underwriting results and successful partnership with you as reasons that validate our superior financial strength.

Our property casualty group rating is A+ (Superior) – only approximately 10 percent of U.S. property casualty insurer groups qualify for Superior ratings (A++ or A+). Our Excess & Surplus company and life company are A-rated (Excellent).

Best Rating Reports for our standard market Property Casualty, excess & surplus and life companies are available on demand at cinfm.com. Just select Financial Strength from the menu bar on the top-right of the site or click the Best icon at the bottom of the page. You may order additional print copies of these brochures to share with your clients through CinciLink® by choosing Supply Requisitions under the Quick Links module.

Thank you for your ongoing efforts to communicate the value of Cincinnati's policies and services to your clients.

Sincerely,

J.F. Scherer
